One of a kind original designs

Bright yellow, red and orange,
The leaves come down in hosts;
The trees are Indian princes,
But soon they'll turn to ghosts.
-William Allingham

From the sewing desk

Fall, leaves, fall; die, flowers, away;
Lengthen night and shorten day;
Every leaf speaks bliss to me,
Fluttering from the autumn tree.
-Emily Bronte (1818-48)

The poem above, set's the mood. Fall is coming! It arrives on September 22, 2026.

The mild shorter days and longer cool nights are very welcome. It's time to celebrate the Fall season. Celebrations and parties of Halloween and Thanksgiving are what I look forward to after a long, really hot summer. Summer 2026 was exceptionally hot! But we made it through. Hurrah!

The Fall prints in fabric are so decorative and beautiful! Here in the photo at the right I have created a Zippy Halloween Pouch. So festive for Fall!.

I have created and have been working hard on new projects. IncludingFall and Halloween Diorama Shadow Boxes.

New Bean Witch dolls are so cute and fun to make. Featured here in photos. Check them out at the bottom of this news letter.

Halloween style totes are so cute to use during the season or just when feeling Spooky!

Photo's of what I have made can be seen here in this newsletter. And, also on my Web page, Katydid-CraftRanch.com. I now have a secure website for viewing my Portfolio of art/crafts that I have done over the years. Also, available and for sale are recent crafts I have created.
